

Microbes Coloring Book AND Scavenger Hunt

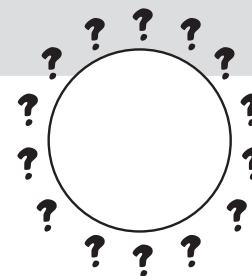

These pages of microbes are waiting to be brought to life with color!

There are three scenes: **Bacteria**, **Viruses**, and **Protists**.

In each scene, there are six different kinds of microbes. Five microbes are shown on the **Scavenger Hunt Log**, but the sixth is hidden somewhere within the scene. Find each mystery microbe and draw it in the log.

Can you find the mystery microbes?

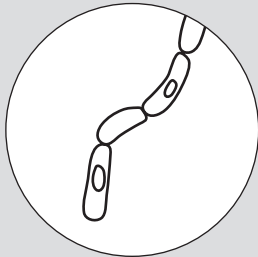

Scavenger Hunt Log

Find and draw each mystery microbe here.

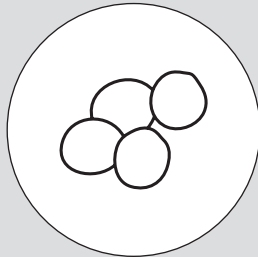

Bacteria

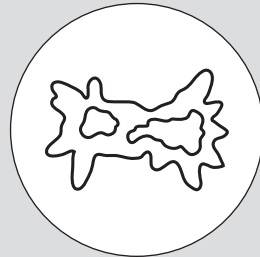

spirochete

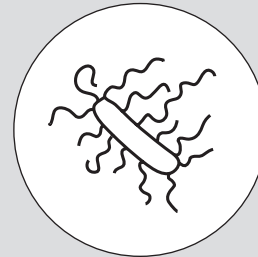

Streptobacilli

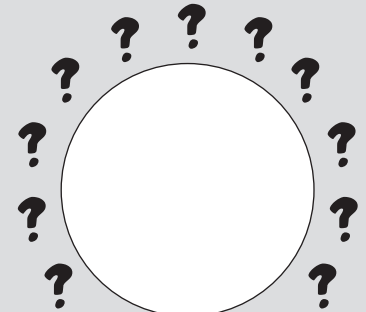

Staphylococci

verrucomicrobia

Bacillus

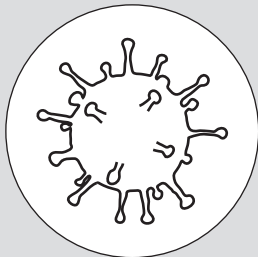

Vibrio
