

**CURRICULUM VITAE (Short)**  
**Jin Meng**

**Present Appointment**

Curator-in-Charge of Fossil Mammals, Division of Paleontology  
 Professor, Richard Gilder Graduate School  
 American Museum of Natural History  
 Central Park West at 79th St.  
 New York, NY 10024  
 Phone: 212-496-3337  
 Phone: 212-496-3337; Fax: 212-769-5842; email: jmeng@amnh.org

**Education**

- 09-1985---06-1991: Ph.D., Columbia University, affiliated with the American Museum of Natural History (major: vertebrate paleontology; advisor: Dr. Malcolm C. McKenna).
- 09-1982---10-1984: M.S., the Graduate School of Sciences and Technology, Beijing, and the Institute of Vertebrate Paleontology and Paleoanthropology, Academia Sinica, Beijing (major: vertebrate paleontology; advisor, Dr. Minchen Chow).
- 02-1978---02-1982: B.S., Beijing University (major: geology).

**Professional experience**

- 06-2007---present Curator, American Museum of Natural History
- 10-2008---present Professor, Richard Gilder Graduate School, AMNH
- 07-2002---05-2007 Associate Curator, American Museum of Natural History
- 07-1999---06-2002 Assistant Curator, American Museum of Natural History
- 01-2000---present Adjunct faculty, the Biology Department of the City University of New York.
- 01-2000---present Adjunct faculty, the Department of Earth and Environmental Sciences of the City University of New York.
- 10-2007---present Research Associate, Carnegie Museum of Natural History
- 01-1996---present Research Associate, Institute of Vertebrate Paleontology and Paleoanthropology, Beijing.
- 09-1996---06-1999 Assistant Professor, Department of Biology, University of Massachusetts, Amherst.
- 09-1995---09-1996 Research Scientist, Department of Vertebrate Paleontology, American Museum of Natural History.
- 09-1993---06-1996 Post-doctoral Fellow, the Department of Vertebrate Paleontology, American Museum of Natural History
- 07-1992---08-1993 Research Scientist, the Department of Biology, University of Alberta, Edmonton, Canada.

07-1991---06-1992	Post-doctoral Fellow, the Department of Paleobiology, the National Museum of Natural History, Smithsonian Institution, Washington D.C.
01-1987---02-1978	Others.

### Serves at the AMNH

Served at: Comparative Biology Ph.D. Program Committee; Collections Committee of the Scientific Senate; Academic Affairs and Fellowships Committee; Library Committee; Museum Senate Executive Committee; Appointment and Promotion Committee; Museum Senate Executive Committee; Grant and Fellowship Committee; Science Strategic Planning Committee; T. Roosevelt and Lerner-Gray Committees; Search Committees.

### Memberships and services at professional organizations

**Current:** Associate editor for geoscience – National Science Review (Chinese Academy of Sciences); Assistant Editor of Palaeoworld, Amsterdam, the Netherlands; Research Associate, Carnegie Museum of Natural History; Editorial board member for the Memoir of Vertebrate Fossils of China (Editorial Committee of *Palaeovertebrata Sinica*); Editorial board member of Palaeoworld, Amsterdam, the Netherlands; Editorial board member of Vertebrate Paleobiology and Paleoanthropology, Kluwer, New York; Member of the Scientific Committee of Geodiversitas, Paris; Associate Editor of the Chinese Science Bulletin, Beijing; Oversea Assessor of Chinese Academy of Sciences, Beijing, China; Editorial board member of Vertebrata PalAsiatica; Society of Vertebrate Paleontology of America; Society of Vertebrate Paleontology of China.

**Past:** NSF panelist for Sedimentary Geology and Paleobiology; Oversea Assessor of Chinese Academy of Sciences, Beijing, China; Editorial board member of the Progress in Natural Science, CNSF; Abroad reviewer for Chinese National Awards of Science and Technology, the Ministry of Science and Technology, China; Associate Editor of the Journal of Vertebrate Paleontology; Bryan Patterson Award Committee, Society of Vertebrate Paleontology; Society for Study of Mammalian Evolution; Society of Sigma X.

### Research Papers

- In press. Roberts, E. M., Lamanna, M. C., Clarke, J. A., Meng, J., Gorscak, E., Sertich, J. J. W., O'Connor, P. M., Claeson, K. M., and MacPhee, R. D. E. Latest cretaceous and ?earliest Paleogene paleoecosystems of Vega Island, James Ross Basin, Antarctica: stratigraphy, fossils, and implications. *Palaeogeography, Palaeoclimatology, Palaeoecology*.
- In press. Wu, S.-Y., F.-C. Zhang, S. V. Edwards, W.-Y. Wu, J. Ye4, S.-D. Bi, X.-J. Ni, C. Quan, J. Meng, and C. L. Organ. Jerboa Bipedalism Originated in Humid and Vegetated Environments. *Evolution*.
- In press. Mao, F.-Y., Y.Q. Wang, J. Meng, and X. Jin. Tooth crown formation time in three Asian coryphodontids and comparison of life history with extant analogues. *Vertebrata PalAsiatica*.

- In press. Olivier Maridet, Wenyu Wu, Jie Ye, **J. Meng**, Shundong Bi, Xijun Ni. An Early Miocene microtoid cricetid (Rodentia, Mammalia) from the Junggar Basin of Xinjiang, China. *Acta Palaeontologica Polonica*.
2014. Jiang, B.-Y., Z.-H. Zhou, G. E. Harlow, K. Wohletz and **J. Meng**. New evidence suggests pyroclastic flows are responsible for the remarkable preservation of the Jehol biota. *Nature Communications*.
2014. Hou, Shilin and **Meng Jin**. A new eutrichodont mammal from the Early Cretaceous Jehol Biota of Liaoning, China. *Chinese Science Bulletin* 59(5–6):546–553.
2013. Li, Q. and **J. Meng**. Eocene ischyromyids (Rodentia, Mammalia) from the Erlian Basin, Nei Mongol, China. *Vertebrata PalAsiatica*. 51: 289—304.
2013. Lucja Fostowicz-Frelak and **J. Meng**. Comparative morphology of premolar foramen in lagomorphs (Mammalia: Glires) and its functional and phylogenetic implications. *PLoS ONE* 8(11): e79794. doi:10.1371/journal.pone.0079794, pp 1-18.

**Published Abstracts - 50+**

**Teaching experience;** Vertebrate Paleontology; Evolution; Mammalogy; Evolutionary mechanisms and systematics; Introduction to Paleobiology; Functional study of vertebrates; Comparative Vertebrate Anatomy.

**Honors, Grants, and Fellowships – 30+ Grants and fellowships**

**Research Featured in Sceince and Nature - 5**

**Major Field Experiences (two weeks or more)** – 30 in N. America, Chile, China, Mongolia, Tajikistan, Russia.

**Symposium Organized – 2**

**Conference and invited presentations – 50**

**Students —** Postdoc (6), PhD students (4 as advisor; 22 as committee members)
