Are you a student, post-doc, or early career professional in a conservation related field?

Come meet and exchange ideas with the next generation of conservation professionals at the 2019 Student Conference on Conservation Science-New York!

- Present and get feedback on your research from leading conservation professionals
- Develop meaningful relationships that lead to collaborations and inspire further research
- Connect with peers and professionals in research, policy, and management from around the world
- Attend workshops on a range of cutting-edge conservation topics
- Explore future opportunities at the Resource & Career Fair

Abstract submissions accepted March 1–April 8

Early bird registration ends July 31
