

Thinking in 3-D: Waterbomb Instructions

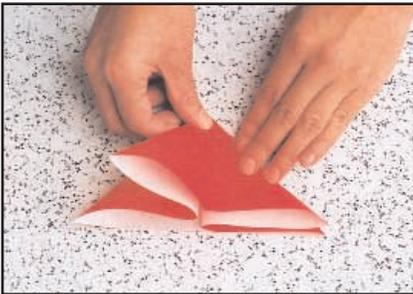

1. Fold paper diagonally into a triangle and open paper. Repeat along other diagonal. Then open paper and turn it over.

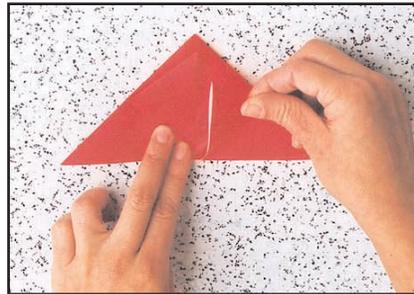

2. Fold paper along the horizontal center line. Repeat along the vertical center line.

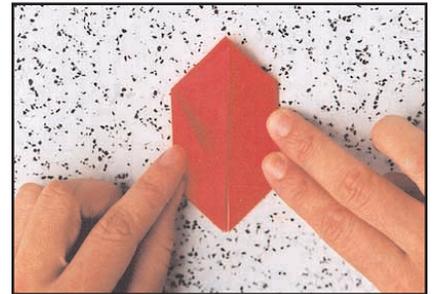

3. Open and turn the paper over and collapse it along the creases.

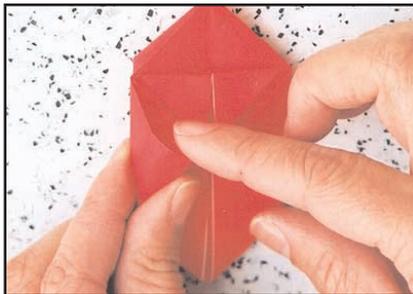

4. Then lay it flat.

5. Fold the left and right corners of the top layer up to the top point of the triangle. Flip over and repeat.

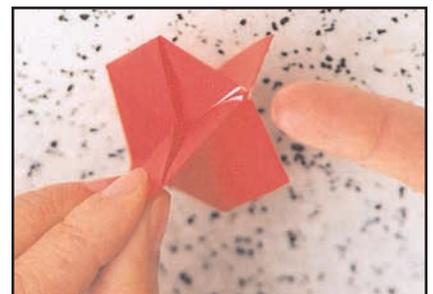

6. Fold the right and left hand corners to the center. Repeat on the other side.

7. Fold the left and right top flaps down (see photo) and repeat on the other side. Then open up the pockets

8. Now tuck the two tiny flaps into the pockets. Repeat on other side.

9. Separate the four sides from its flat position. Locate the hole at one end.

10. Blow into the hole to inflate the waterbomb.
