

# Specimen Observation

**Choose** a specimen that interests you.

**Observe** it closely. 👁👁

## What is a specimen?

It's a natural object like...

- a rock or mineral
- a fossil
- a preserved plant or animal

**What is it?** \_\_\_\_\_

**Sketch** it below. **Label** your sketch. **Read** about the specimen. What interests you?

**Talk** to a partner or partners about what you noticed, observed, and sketched.
