

EDUCATORS' EVENING

Pterosaurs: Flight in the Age of Dinosaurs

Friday, September 19, 2014

4:00 - 7:00 p.m.

Join us on Friday, September 19 for an evening celebrating our latest exhibition *Pterosaurs: Flight in the Age of Dinosaurs*. This is an opportunity for teachers to view the exhibition, hear from the curators who worked on the exhibit, network with other educators, and gather resources on how to use the exhibit with their students.

Participants will receive Educator Guides and related activities that provide tools to align science content with **Common Core State Standards in ELA for reading and writing.**

In *Pterosaurs: Flight in the Age of Dinosaurs*, rare fossils, life-size models, and hands-on interactives bring these ancient animals to life. Get a first-hand look at the rare pterosaur fossils that have helped paleontologists learn all that we know about these animals. In a virtual flight lab, use your body to pilot a pterosaur over a prehistoric landscape. Encounter the exceptional creatures that flew in the age of dinosaurs!

Agenda

Please enter through the Central Park West Security entrance (use the ramp under the main staircase)

The event will take place in the Milstein Hall of Ocean Life

4:00 - 4:20 p.m. Sign in & Reception

4:20 - 4:45 p.m. Table Conversations
Resources and Activities

4:45 - 5:45 p.m. Welcome and Introduction
to the Exhibition

Dr. Mark A. Norell, Curator
and Chair, Division of
Paleontology

5:45 - 7:00 p.m. Visit the Exhibition
Table Conversations

Support for the Gottesman Center for Science Teaching and Learning is provided in part by

The Seth Sprague Educational and Charitable Foundation.

Pterosaurs: Flight in the Age of Dinosaurs was organized by the American Museum of Natural History, New York (amnh.org).

The Museum gratefully acknowledges the **Richard and Karen LeFrak Exhibition and Education Fund.**

Generous support for *Pterosaurs: Flight in the Age of Dinosaurs* has been provided by **Mary and David Solomon.**
